Janus publishes this listing of securities held as of the most recent calendar-quarter end, with a 30 or 60 day lag depending on the portfolio. Janus may exclude any portion of holdings from publication when deemed in the best interest of the portfolio.

Securities are reported at market value.

Unlike the Fund's regulatory filings, the portfolio data and its presentation here is not required to conform to accounting principles generally accepted in the United States of America, and Financial Accounting Standards Board and Securities and Exchange Commission (SEC) accounting and reporting requirements. Therefore, it differs from that in the complete schedules of investments filed with the SEC on Form N-Q and in the annual and semiannual report on Form N-CSR.

Holdings are subject to change without notice.
